

BATH TIME GAMES UP TO 6 MONTHS

Sing a Song

Help them to recognise common words, phrases and melodies, by singing bath time songs, like 'this is the way to wash your face'. Or make up your own lyrics to popular tunes.

Submarines & Rocket Ships

Let your imagination run wild and help develop theirs, by transforming empty bottles into boats, submarines and rocket ships!

Share a Bath

Babies love to be kissed and cuddled, so why not join your little one in the bath? It's reassuring for them, and you'll both enjoy the skin-to-skin contact.

Eskimo Bubbles

Place some bubbles on their nose and watch their delight, as you lean in close to pop them with a delicate Eskimo kiss.

BATH TIME GAMES 6 TO 15 MONTHS

Percussion

Grab plastic cutlery, wooden spoons and containers to create a bath time music session for your little Mozart in the making.

Hand Bubble

Simply add a little JOHNSON'S® Baby 2in1 Bubble Bath & Wash to your hands, then clasp them together and slowly pull them apart to create a giant bubble blower.

Let's Swim

Swimming doesn't have to start in the pool. Supporting your babies back, swish them gently up and down the bath, encouraging them to kick with lots of warm praise.

Bubble Beards

Watch them squeal in delight as mummy grows a beard just like daddy.

Body Parts

Bath time is a great time for your baby to learn about their body. Try placing foam on your baby's body parts, saying each part as you go. You can repeat with a towel, when drying them too.

Bubble Spelling

Help them to learn the alphabet by saying and spelling it on their tummy with the tip of a sponge. Remember the more they see and hear it, the sooner they'll learn.

Hairdressers

Take a trip to the bathtime barbers and massage, style and spike your baby's hair with JOHNSON'S® Baby 2in1 Bubble Bath & Wash. Show them in a mirror and watch their face light up.

Kick the Ball

If daddy dreams of having a star striker, then this game is a good start. While supporting their back, place a small ball at their feet, allowing them to kick it around the bath.
